<b>Approval Date</b>	29 Jun 83	<b>Effective Date</b>	29 Jun 83	<b>Revision Date</b>	

## PURPOSE

To state the City's stand on septic tanks being installed where sewer services are available.

## POLICY STATEMENT

City regulations require that building permits will not be issued if the resident refuses to connect the proposed building to sewer services, if the services are available, and in such cases septic tanks would not be permitted.

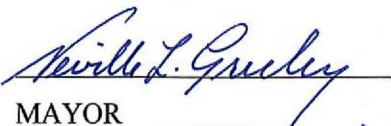

If, however, the connection requires a lift station, the City will provide the station and the resident is responsible for installation and future maintenance.

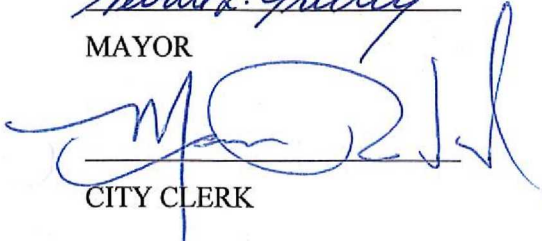

The City will supply for existing homes only.
