This project includes, but is not limited to, the removal and reinstatement of approximately 65m of existing storm sewer. This consists of the removal of existing 1000mm and 900mm diameter corrugated metal pipe storm sewer in two locations (35m and 30m per location respectively), removal and relocation of two hydro poles, with associated trenching, excavation, minor demolition and site clearing to be incidental to the work. New construction will include the installation of approximately 65m of new 1650mm and 1500mm diameter storm sewer (35m and 30m per location respectively) and all required backfill, landscaping and property reinstatement associated with this construction.

Procurement is subject to trade agreements, if applicable.

A Bid Security of 10% will be required.

The Owner does not bind itself to accept the lowest of any tender for the project

HONOURABLE ANDREW PASONS  
MINISTER OF Municipal Affairs and Environment
