

City of Corner Brook

ADOPT HYDRANT

The Adopt-a-Hydrant program encourages the City of Corner Brook to help keep fire hydrants in the city clear of snow during the winter months. The program is open to all residents, businesses, families and community organizations that want to ensure the safety of their neighbourhoods and help firefighters quickly find and use hydrants in an emergency.

How to Adopt a Hydrant:

1. Go to: <http://www.cornerbrook.com/adoptahydrant/>

Or

2. Fill out the form and mail back to: **City of Corner Brook, P.O. Box 1080, Corner Brook, NL A2H 6E1, Attn: Adopt a Hydrant Program.**

Or

3. Call **709-637-1616** and provide you name, hydrant number, telephone number, and email address.

Then, clear your hydrant after a snowfall, or if it is heavily covered in snow.

Please ensure there is a 3 ft. clearing around your hydrant at all times. Please be extra vigilant after heavy snowfall. Firefighters will be checking hydrants regularly to ensure safe clearance.

Once you register, and you maintain a snow cleared hydrant, your name will be entered in the March 31, 2022 draw for a new Heavy Duty Snowblower!

Dear Firefighters,

I would like to help the Fire Department protect lives and property by adopting the fire hydrant located at:

(nearest street)

Hydrant #

My name is: _____

I live at: _____

My contact information is: _____
(Phone number and email)
