Index	Public Works		Section	Snow and Ice Control		
Title	Snowclearing on Cul-De-Sacs		Policy Number	06-02-05	Authority	Council
Approval Date	21 Nov 01	Effective Date	21 Nov 01		Revision Date	

PURPOSE

To establish a policy and procedure to be followed for the control of snow ploughing and snow removal from cul-de-sacs on City owned streets.

POLICY STATEMENT

The City of Corner Brook, during the winter months, carries out snow clearing and snow removal from City owned streets and right-of-ways. A unique situation exists in cul-de-sacs wherein the right-of-way is narrower than most streets and little space is available for snow storage. This policy will establish operating procedures for snow removal of cul-de-sacs.

DETAILED ACTION REQUIRED

1. Snow removal equipment will enter cul-de-sacs from the left lane and plow or wing snow away from the properties and deposit it in the center of the cul-de-sac.
2. This procedure will be followed until approximately one half of the cul-de-sac is full or prior to the pile of snow interfering with an orderly flow of traffic around the cul-de-sac. Snow will then be removed from the cul-de-sac by way of trucks or loader and disposed of in an approved snow dumping site.

REFERENCE

Approved: 01-182 (Nov. 21, 2001)

CC01-231 (Nov. 07, 2001)

IN WITNESS WHEREOF, this policy is sealed with the Common Seal of the City of Corner Brook.
